

Pinball**BURSARY**

Post-Secondary Bursary Program

A bursary program like no other, Pinball**BURSARY** doesn't stop at tuition. Financial barriers are removed by covering tuition, textbooks, technology, and supplies. What sets this program apart is the commitment that continues beyond graduation. Students are supported by mentors, career advisors, recruiters, and staff who walk with them through school and into career – ensuring they're not just prepared for education, but equipped for a meaningful future.

Pinball**BURSARY** fosters a supportive and inclusive environment for BIPOC and 2SLGBTQI+ youth, with mentorship teams that reflect the diverse identities of participants. It prioritizes equity, diversity, and inclusion through intentional training, safe spaces, and accessible resources. Students also have access to mental health resources, social workers, and community engagement staff for ongoing support and to strengthen well-being throughout their journey.

Pinball**BURSARY** goes beyond financial aid with mentorship, mental health support, and career connections that last beyond graduation.
