

MENTORSHIP FUND

The Pinball Clemons Foundation works with Community Partners to identify the most marginalized youth in our communities and provide mentorship and exclusive opportunities as they pursue their post-secondary education.

Mentorship includes lifeskills development, mental health support, academic support, financial literacy, career preparedness, emergency support, group and one-on-one mentorship sessions run by our professional Mentorship Team.

We recognize that youth that struggle with challenges carry them into their adult life. Our support continues through their career journey, as challenges do not stop after post-secondary. Our goal is to stay in contact with the youth until they are stable. Youth that transition to their career are encouraged to stay in the program as Alumni to receive continued support and help guide their peers to success.

Mentorship is our key differentiator as the development of a healthy network allows youth to thrive into adulthood.

The Pinball Clemons Foundation provides the following support through the Mentorship Fund:

- Homeless Youth Mentorship
- IT Training Mentorship
- Trades Training Mentorship
- “Foundations In” Series Mentoring
- Mainstream Bursary Program Curriculum
- Financial Literacy and Youth Support
- Career Mentorship
- One-on-One Mentorship
- Bi-Weekly Group Mentorship
- Weekly Extra Curricular Activities including Cooking Classes, Bible Study, Workouts, Productivity and Tutoring Sessions

Over 20 hours a week of Mentorship

GOAL= 8,700 STUDENTS MENTORED

\$1,000,000
